

KD1 and KD3

The **KD1 & KD3** dense pack nozzles are designed to increase productivity in drill and fill applications, while maintaining proper material densities.

- Engineered for cellulose & fiberglass blowing insulation
- Light weight aluminum design
- Ergonomic swivel head rotates 360 degrees for complete fill
- Durable powder coat finish
- Filter bag with easy clean out

KD1 Nozzle

KD3 Nozzle

KD1 SPECIFICATIONS

WEIGHT:	7 LBS
LENGTH:	11 5/16"
HOSE CONNECTION:	2 1/2" DIAMETER
WALL HOLE SIZE:	2 1/2" DIAMETER

KD3 SPECIFICATIONS

WEIGHT:	10 LBS
LENGTH:	13 5/16"
HOSE CONNECTION:	2 1/2" DIAMETER
WALL HOLE SIZE:	3" DIAMETER

KD3 is intended for 2" x 6" walls & deeper
